BISHOP ORDAINS FIVE

ADDRESS TO YOUNG MEN INSPIRATION TO WHOLE CONCLAVE

rites IMPRESS HUNDREDS AT CONFERENCE

In an address brimming with loyalty to the service of the Master, Bishop Adna W. Leonard today ushered five men into the Methodist ministry. The ordination occurred at noon, the impressive ritualistic service of The Discipline being used.

Those who today were ordained and taken into the conference were William Malan of Baldwin Park, G. B. Oxnam, Karl Knopf and R. S. K. Stone, of Los Angeles, all four graduates of the University of Southern California, and A. H. Bolton of Santa Fe Springs. Ordination was in the presence of the conference and the delegates of the Laymen's Association, which today is closing its sessions here.

While the bishop's address was directly to the five young men entering the ministry, it was an address that carried with it a depth of inspiration for everyone of the hundreds present.

Duty to Determine Loyalty

"The first duty is for you to determine your loyalty to your Master," said the bishop. "It is your duty to determine your loyalty to the doctrines of the Methodist church. By your act and ours today, you become associated with a great fraternity, the Methodist ministry.

"You are coming today into the greatest dignity on earth, for you are becoming the personal representative of Christ.

"Be human. Do not allow yourselves to become professional. Adapt yourself to the progressive movements of the day, but hold to those great principles that are tried and true.

"Learn to know human beings. Get in close touch with the young people. Play ball and marbles with the boys. Don't neglect the aged, for visits with them will give you inspiration and subjects for many sermons.

"If you are to have church-going people, you must be house-going preachers. The visitation of your membership is of great importance.

"In your private life you must know God. You must know the throne of God by the knee process.

"Never put yourself unnecessarily in a position where the world can get you. Be careful in your conduct toward everybody."

Bishop Waterhouse of the South Methodist church pronounced the benediction.

Graduates of the Garret Institute are to hold a banquet at the United Presbyterian Church this evening at 5:30 o'clock.

Boston University School of Theology Alumni of Southern California are to banquet at the Rossmore at 5 o'clock.

FOOL BURGLARS LOCK SAFE AND TRY TO OPEN IT

Here is the latest advice to burglars: "Try a safe before you blow it."

When C. Y. Martin left on his vacation two weeks ago he closed the door of a safe at his wrecking yard office, but he did not lock it. There was no money in the safe, only books and papers.

Sunday night the office was visited by burglars, who proceeded to try to work the combination. If they had tried the door before going further with their nefarious plans they would have saved themselves and Martin trouble. The visitors knocked off the lever handle, and tried to jimmy the door, as is shown by marks at the edges of the door.

They gave up in despair, and left the job of opening the door to Martin. Martin, who got back from Little Bear Lake Wednesday, spent yesterday and this morning drilling the safe so he could get at the levers. He got the safe open.

BULLETIN

NEW YORK, Sept. 22.—A sympathetic strike of 800,000 workers will be called Wednesday.

POLITICAL UNITY MARKS OPENING OF JOHNSON'S CAMPAIGN

Ukiah Extends Candidate For Senate Enthusiastic Welcome

UKIAH, Cal., Sept. 22.—Disregard of party lines and a stirring enthusiasm marked the opening meeting in this city last night of Governor Hiram W. Johnson's campaign for election as United States senator. The rain kept many away but more people came than the Victory Theater could accommodate. Old Mendocino paid the candidate the tribute of a new zeal and a new loyalty.

Progressive and conservative Republicans and Democrats joined in the demonstration and Chairman Charles Kaish struck a happy note when he spoke of the pride of all Californians in Governor Johnson and his career. Lauds Governor

"Everybody loves a fighter, especially when he fights for the cause of the common people," said Chairman Kaish in his introductory remarks. "Governor Johnson has become a national figure. He is now going to Washington to become one of the nation's commanding statesmen."

Six prominent Democrats sat with the united Republicans on the stage as vice presidents, among whom was former Governor Arthur J. Thomas of Utah. Charles Mannon, well known Republican leader, called the meeting to order.

The meeting last night was the beginning of an itinerary which includes Humboldt county and the Sacramento valley and will bring the governor to the Fresno county fair a week from Saturday.

10 HURT AS JITNEY USED IN N. Y. STRIKE COLLIDES WITH TRUCK

NEW YORK, Sept. 22.—Ten persons were seriously injured today when a taxi used as a jitney during the strike collided with a coal truck at Avenue A and Twentieth street.

Whether a general walkout of upwards of 800,000 workers of New York will be called to support the striking employees of the traction companies rested this afternoon on the result of a conference between representatives of sixty-five labor unions of the city.

GERMANS INVINCIBLE WITHOUT U. S. ON ALLY SIDE, SAID KITCHENER

NEW YORK, Sept. 22.—Lord Kitchener went to his death with the conviction that Germany could not be defeated.

This astonishing information was made public by W. Cameron Forbes, former governor of the Philippines, at a recent dinner of Republican leaders. Gov. Forbes told the diners that Lord Kitchener had stated to him that it was his belief that without the aid of America the allies would never conquer the German armies.

The great war chief of England expressed this opinion in the course of a conference with Gov. Forbes and Benjamin F. Strong of the Federal Reserve Board in London last winter. It was because of this conviction that Lord Kitchener arranged the meeting—to urge Gov. Forbes and Mr. Strong to throw the weight of their influence in this country on the side of the allies.

SCORES, HELPLESS, SEE 2 MEN BURN TO DEATH UNDER TURTLED AUTO

GALVESTON, Sept. 22.—Scores of persons today helplessly watched as two men burned to death under an overturned automobile. The auto hurtled over an embankment, causing two deaths.

The gasoline tank exploded the instant the car overturned. The flames spread so that the crowd could not approach.

Miss Claudie Collier, 18, was thrown clear. H. T. Roach, 30, and W. S. Dennis, 22, are dead.

Eugene Caruthers Is Killed; Was Son of Yuma National Bank Head

A dispatch from Yuma, Ariz., states that Eugene Caruthers, eldest son of E. G. Caruthers, president of the First National Bank of Yuma, was shot and killed yesterday at Gila Bend, Ariz. No particulars were given. Caruthers left Yuma early last night for Gila Bend to take charge of the body.

Eugene Caruthers was well known in Santa Ana, where he attended high school. The family moved from here four or five years ago.

The Caruthers are related to Mrs. George Spangler of Santa Ana.

BRITISH ENVOY WILL MEET U. S. BANKERS TO DISCUSS CENSORSHIP

WASHINGTON, Sept. 22.—That Britain is determined to prevent the mails seizures situation from reaching anything like a diplomatic stage, was the belief in officialdom today when Sir Richard Crawford of the British embassy announced that he will go to New York to confer with leading American bankers as to the censorship's effect on business.

HUGHES ON VERGE OF BREAKDOWN, REPORT

MUNCIE, Ind., Sept. 22.—Chas. E. Hughes today is on the frayed edge of a complete breakdown. Both his personal physicians and Mrs. Hughes are up in arms about his resuming his second day of speaking in Indiana.

Hughes Warns Labor
ANDERSON, Ind., Sept. 22.—In another of his short speeches Chas. E. Hughes today went a trifle further than heretofore in warning organized labor of the dangers of surrendering the principal of arbitration as evidenced in the Adamson bill.

L. A. MOVES TO EXTEND CITY TO ORANGE CO. LINE, IS ANNOUNCED

LOS ANGELES, Sept. 22.—That a vigorous campaign is to be launched at once by the Municipal Annexation Commission and the City Council to secure the annexation of all adjacent territory that should logically become a part of Greater Los Angeles, preparatory to the formation of a consolidated city and county government, was announced by Acting Mayor Betkouski.

As chairman of the Municipal Annexation Commission, Mr. Betkouski said he would call the members of the commission together immediately for the purpose of outlining a campaign.

The general plans are, if possible, to secure the annexation of Pasadena, South Pasadena, Alhambra, San Gabriel, Long Beach and all of the west coast beaches, including Venice, Ocean Park and Santa Monica, etc., and the straightening out of the lines of the city of Los Angeles. It has been suggested that it might even be advisable to absorb all territory west of a line just east of Monrovia and extending southerly to the boundary line of Orange county.

FAILURE OF RUMANIA CAMPAIGN MAY BRING SHAKE-UP IN RUSSIA

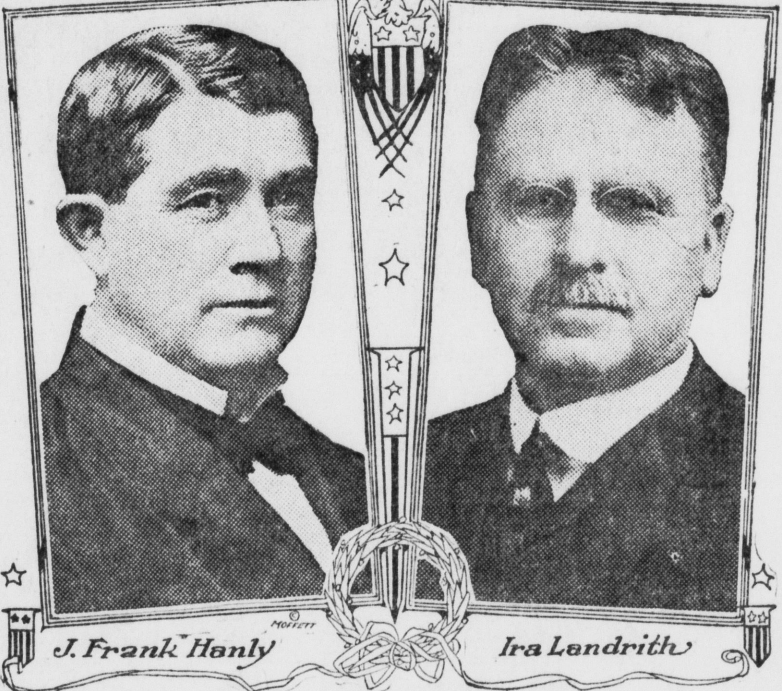

BERLIN, Sept. 22.—Another shake-up in the Russian war office may result from the failure of the Rumanian campaign in the Dobrudja region, according to reports today from Dobrudja.

The Russians are keenly disappointed over their failure to invade Bulgaria immediately following the Rumanian plunge into the war.

BRITISH FREE CAPTIVES

WASHINGTON, Sept. 22.—Thirty-eight Germans, Austrians and Turks taken by a British cruiser from an American steamer have been released.

HERE are the two National candidates of the Prohibitionist party. They paid a flying visit to Santa Ana this morning, spreading the gospel of a 'dry' United States. They were greeted by a large number of local workers for the cause of prohibition.

License System Is Sale of Souls For Gold, Says Nominee

"Place California in the dry column next November and we will add four states in the South to the column."

This was the promise J. Frank Hanly, Prohibition candidate for President, today made Santa Ana auditors who gathered at Birch Park for the big prohibition meeting directly resulting from an hour's stop of the prohibition special passing through the state of California.

The candidate is a Methodist and he first went to the conference at the First Methodist Church, where he said he had had "a happy bout with his Methodist brethren." He talked only about five minutes from the bandstand at Birch Park.

He made a strong appeal for support of the dry movement in California. "I love the great cause," said he. "I care not if you vote me up or vote me down—so long as you vote California 'dry.'"

"One of the greatest pleasures I have had recently was when I addressed a gathering of 1000 people who were opposed to us politically. When I asked for an expression of their sentiment, 900 of them stood up and declared by their action that they would vote for the elimination of the liquor curse."

Predicts 'Dry' Triumph
"Friends, the cause is gaining support from every source; it is a cause that will triumph."

"We have no sword to sheath against the traffic in intoxicating liquors and no quarters to give to the 'wet' enemy, no matter what disguise of decency he elects to wear in nomenclature or financial respectability. We want California 'dry,' not alone because prohibition is the state's certain interest, but because California 'dry' in 1916 will insure America 'dry' in 1920."

Hanly was greeted with a round of applause when he appeared on the platform, and his utterances were given hearty approval by demonstrations by his hearers.

At the Methodist conference Governor Hanly was greeted with enthusiastic cheering. He spoke of his great interest in 'California dry,' saying that whether or not he was elected, he would be happy if California went 'dry.' He spoke of the pernicious license system of selling men's souls for gold.

Call System Blunder
"The whole license system is a colossal blunder, wrong in principle, lame in logic, a failure in practice, a foolish bargain, a sale of souls for gold," was his declaration.

He criticised Hughes and Fairbanks.

Although there was some nervousness a year ago when any definite peace terms on a German basis calling merely for an abandonment of occupied territory, might have been considered sympathetically by military authorities in view of the real precariousness of the situation, they feel now that everything favors the allies and that such an abandonment of territory would be only to Germany's advantage, enabling her to shorten and strengthen her own lines.

The British soldiers only worry now over the optimism of civilians because of the recent allied successes and those confidently expected in the future. The soldiers realize that the Germans are not yet beaten and that a long and arduous task confronts them.

Every indication points not only to the openness of the purpose of all the allies to continue the war to a decisive peace, but also to the fact that army, navy and political leaders are united in a determination to assume the responsibility if necessary, for the war's continuation after Germany is willing to quit. If this does become necessary they are willing to leave it to history to justify the additional carnage in the interests of the removal of the "menace" of "militarism."

It is said that the Anglo-French allies have men and munitions enough to continue the present offensive indefinitely regardless of the winter.

ALLY TRANSPORT U-BOAT VICTIM; RUSS WIN IN BALKANS AND CARPATHIANS

Bulgar Rout Continues, Villages Burned In Retreat Of Armies

SOMME GRAPPLE WON BY FRENCH ARMIES

Austrian Seaplanes Bombard, Sink Enemy Submarine In Adriatic

LONDON, Sept. 22.—The British advanced along a mile of front south of the Ancre river last night and captured two lines of German trenches, an official statement today said.

The German official statement today almost flatly contradicted the British claims of success, reporting only grenade engagements and artillery duels on the west front.

Berlin also made no mention of heavy German attacks on the French lines north of the Somme being repulsed, as Paris officially announced. Official admission today came from Berlin that the Russians won several victories in the Carpathians.

On both fronts in the Balkans the Russians are on the offensive.

BERLIN, Sept. 22.—A German submarine sank an enemy transport filled with troops in the Mediterranean September 17. The vessel sank in 43 seconds, an official statement today said.

BERLIN, Sept. 22.—Austrian seaplanes bombed and sank a French submarine in the Southern Adriatic, the Admiralty today officially said. The submarine crew of two officers and twenty-seven men were rescued and captured by the aviators and later turned over to a torpedo boat.

SERBS ROUT BULGARS

PARIS, Sept. 22.—The Serbians heavily defeated the Bulgarians on the Zhorosko river, it was today officially announced. The French also advanced.

HALT SOMME GERMANS

PARIS, Sept. 22.—A most violent German attack on the new French lines on the Somme-Laprie-Rancourt road was halted by a French curtain of fire, today's official statement said. The German losses were heavy.

BULGARS RETREATING

LONDON, Sept. 22.—Under sledgehammer blows the Russo-Rumanians drove the Teutonic forces back five miles in Eastern Rumania. It is officially reported that the Bulgarians are burning villages and ravaging the country as they fall back. Sofia dispatches admitted that the German and Bulgar attacks were unsuccessful.

RUSS, RUMANIANS GAIN

LONDON, Sept. 22.—Wireless dispatches today said that the Russo-Rumanians are winning on the Dobrudja in Transylvania and that the Russians are again advancing in the Carpathians.

ALLIES SHELL BULGARS

SALONIKI, Sept. 22.—Allied warships shelled Bulgarian camps at Neekhorri near the Gulf of Orfani with satisfactory results, an official statement heretoday said.

COLONEL AND TAFT TO BURY AX OCTOBER 3

NEW YORK, Sept. 22.—Theodore Roosevelt and William H. Taft will shake hands for the first time since their 1912 quarrel, at the Union League Club, October 2.

Simultaneously, Charles E. Hughes will be given a reception at which Root will preside.

From the day that both Roosevelt and Taft were defeated for the presidency four years ago mutual friends have sought to induce them to forget animosities.

PASSPORT FOR EMMY DESTINN REQUESTED

SAN FRANCISCO, Sept. 22.—President Wilson instructed the State Department to cable to the American ambassador at Vienna to take energetic steps to secure the release of Emmy Destinn, grand opera singer, who is detained in Austria through the refusal of the government of that empire to grant her passports. A telegram to this effect was received here from the prima donna's manager in New York.

'DRY' VOTES TO REGISTER MORE THAN MILLION SAYS HANLY

banks for their actions on the temperance question. He told of going to the Republican national convention this year and urging them to take a stand on this question, which they refused to do.

He urged the men to vote the Prohibition ticket this fall, that they might prove the real number of men who desire national prohibition, as a large number of votes would prove to the leaders in politics that prohibition must really come. He knew the "bunch" and knew votes would get them.

"With Hanly in the White House and Landrith in the president's chair of the United States, a majority in both houses of Congress, would break all the precedents and violate all the political speed laws on the water wagon," said Ira Landrith. Hanly's running mate on the Prohibition ticket. "There are enough national prohibitionists to elect us and if they want prohibition and every worthwhile thing for which all other parties stand—for our platform declares unequivocally for every good thing and against every bad thing in government, social and moral—then they will act like patriots and not like enslaved partisans on the 7th of November."

Makes Impression

Landrith held the platform from the opening until the arrival of Hanly, and he made a profound impression with the arguments he advanced and the manner in which he presented them. Landrith is a native of Texas and has been a resident of Tennessee for many years.

He complimented the old soldiers upon the number present at the meeting.

"You did a good job when you came South and licked us," was one of his statements to the veterans. "But when you licked us you didn't kill the greatest slave this country has ever produced—whisky. Why didn't you? You can do it yet—you can assist in doing it."

"Liquor is going to be driven from this republic inside of ten years."

"We are going to hang the scalp of King Alcohol in the nation's capitol; we are going to hang it in the capitol at Sacramento."

Rapid Fire Talker

Landrith is a rapid fire talker, a good orator. He has the happy faculty of making comparisons which drive his point home, and he does it mostly with a vein of wit running through it.

He gave the W. C. T. U. credit for making the special train possible.

"I Love You, California," was the greeting from the Elks' Band when the special carrying the distinguished members of the Prohibition party rolled into the Santa Fe depot.

Twenty-five or thirty automobiles were there, some having active local workers in the cause and others being provided for conveying members of the train party to Birch Park.

The machines moved in a procession from the depot to the park. At the latter place, Clarence True Wilson of Washington introduced the speakers. The attendance was about 200, and repeated applause greeted strong points made by the speakers.

Mayor A. J. Visel, Rev. S. W. Stone and Dr. A. T. Ishkanian were among those who met the candidates at the depot.

Members of Party

The party aboard the Prohibition special consists of Hon. J. Frank Hanly of Indianapolis, former Republican governor of Indiana and now the Prohibition candidate for President, with Mrs. Hanly; Ira Landrith of Nashville, Tenn., former southern Democrat, now the Prohibition nominee for vice-president; Virgil G. Hinshaw of Chicago, chairman of the Prohibition National Committee; Oliver W. Stewart of Chicago, chairman of the National Campaign Committee, and Mrs. Stewart; Daniel A. Poling, associate president of the United Society of Christian Endeavor, of Boston; Dr. D. M. Bottoms of Battle Creek, Mich., medical attendant; John L. Warner of Middleburg, N. Y., National Committee press representative; Labert St. Clair of Washington, D. C., associate press representative; Frank E. Herrick of Wheaton, Ill., Prohibition poet and attorney; Miss Hallie McNeil of Indianapolis and Miss Jeanette Zweier of Brooklyn, N. Y., secretaries.

Aboard the train for the trip through this state were the following prominent prohibitionists from Los Angeles: M. W. Atwood, Prohibition candidate for United States senator; Congressman Chas. H. Randall of Los Angeles; J. S. Edwards of Redlands, candidate, Eleventh Congressional District; Colonel Sobieski.

MORE THAN MILLION VOTES, HANLY'S FORECAST

LOS ANGELES, Sept. 22.—Brass bands, local orators, automobiles and prohibitionists by scores met the "dry special" pulling in at 7 a. m. today.

Presidential Candidate Hanly and Vice-Presidential Candidate Ira Landrith spoke a few words to the crowd at the station and immediately departed on their tour of Southern California cities. Hanly said:

"The campaign tour of Hughes was the most disappointing event in the history of American politics. No one can tell who will be the next President. President Wilson should never have sent the troops to Mexico unless he intended to go through with it. The Prohibition party will poll more than a million votes."

Hanly and Landrith will speak at the Mason Opera House tonight.

CHANCE TO ACT IN MOVIE ATTRACTIVE

Since announcing the Continental Photoplayers' Contest through the columns of the Register, Manager Russell of the Temple Theater and Mr. Dyer of the Continental Feature Film Company of Orange, Calif., have been very busy going over details with many Santa Ana young women who are anxious to enter the contest. This contest is new and novel and the field for piling up votes is practically unlimited.

The film play, "Opportunity," which is to be made at the termination of the contest, using the winner of the contest to portray a leading part, is to be given wide publicity throughout the entire United States, and exhibited in hundreds of theaters. The young women, both maids and matrons, quick to realize an opportunity further to glorify Orange County have signified an eagerness to enter the contest with spirit and determination to win.

The Continental Feature Film Company is also making a monetary inducement of \$10 a day for the services of the winner in Santa Ana in addition to an expense allowance of five percent on all transactions made during the contest.

The contest will close three weeks from the date of the first publication of the list of contestants. Many contestants have explained that they will turn over the five percent commission to friends of theirs who will work in their behalf. Mr. Dyer, contest manager of the Continental Feature Film Company, who is making his headquarters at the Temple Theater, will gladly apprise any young lady regarding the full details of the contest if she will leave her name at the box office of the Temple Theater. The opening date of the contest has not yet been announced, so therefore every young lady has an equal opportunity and is strongly advised to not delay entering her name.

U. S. PACIFIC SHIPPING O. K.

WASHINGTON, Sept. 22.—The turning point in the fortunes of American shipping on the Pacific Coast was marked by the recent purchase of three large ships by the Pacific Mail Steamship Company, "and there is no further danger of the American flag disappearing on the Pacific," a Department of Commerce report announced.

MRS. M'COMBS INJURES BOY

BOSTON, Sept. 22.—Mrs. William F. McCombs, wife of the Democratic nominee for the Senate in New York, accidentally knocked down and injured Bennie Gloria while she was driving in Beverly Farms. The boy was in the street. Mrs. McCombs took him to the hospital in her car.

PUBLIC INTEREST STIRS CANDIDATES IN REGISTER'S BIG \$3000.00 CONTEST

And Candidates Themselves Energized By the Thought That They Have Only Seven More Working Days to Get Double Votes—After Sept. 30 the Vote Schedule Will Be Reduced One-half.

Candidates With Comparatively Low Scores Should Do a Little Figuring and Find Out How Easy It Would Be For Some of Them to Change From Apparent Losers to Almost Certain Winners.

The Roll of Honor is lengthened by one name today—that of the little lad Herman Ranney, who is one of the most intelligent and industrious of lads. He goes into the Roll of Honor with 8820 votes to spare, and is "right on the job" getting more subscriptions.

There are no sensational gains today, but all who have reported show substantial gains, some of them close to 100,000.

Miss Fipps continues in the lead, even though she does not cast any ballots for today's count; and even though she does not cast any ballots for today's count, she is at work—perhaps that's the reason.

The Contest Manager would like to point out how easy it would be for some of the candidates who show a comparatively low score to jump right into a position to take at least the \$50 or \$100 district prize.

Take Leo Millings of Orange, for instance. He would have to get only four new annual subscriptions—which he could do in one day if he'd go after them with determination—in order to win (as the score now stands) the \$50 district prize; and if Mrs. Waffle should win (as she stands an excellent chance of doing) either Second Grand Prize or First Grand Prize, then Mr. Millings would win the \$100 District Prize. So it is in all of the districts—some one by just a little effort could change from a loser to a winner.

BOOST YOUR FAVORITE AND DO IT NOW

Those who are not in this friendly struggle for ballots do not understand how much a candidate appreciates it when some one presents him or her with a subscription or a ballot for several thousand votes. The candidate will speak of this remembrance for months and never forget it. One certain candidate said, "I never thought the people here would be so kind to me when I entered this race." There isn't a candidate in the contest that does not feel the same way. If there is any little past favor or reciprocation that you owe to a candidate in this race; if you ever felt that you would like to have the time come when you could do something for some one that may be in this good-natured scurry for votes, the opportunity for reciprocation is here.

The debt, if you owe one, can be paid, and the favor that you would like to do can be done by sending this person your subscription.

And don't imagine that your votes will be wasted, whomsoever you vote for. There isn't a candidate in the ROLL OF HONOR who is not as confident as any of the others; and there isn't one in the race that has not a good chance to win. Don't think because your favorite is not at the head of the list that he or she is not strictly in it. You give the votes and let the candidate manage the campaign.

Now, another thing—DON'T FAIL TO GET YOUR SUBSCRIPTION IN BEFORE SATURDAY NIGHT, SEPT. 30, so that your favorite will get the benefit of DOUBLE VOTES. Don't put off subscribing until the last minute of the contest, Oct. 14. Do it NOW, while votes are DOUBLE what they will be after Sept. 30. Send in your subscription by remittance or otherwise, and we will see that your favorite gets the votes with your commitments.

GERMAN AIRMEN FIGHT HARD AND FAIR, SAYS BRITISH FLIGHT HEAD

BY WILBUR S. FORREST
(United Press Staff Correspondent)
BRITISH CENTRAL-FLYING SCHOOL, Sept. 1.—(By mail.)—"German airmen are sportsmen; they've proved it a hundred times," said a "professor" of flying at England's great aviation school today.

This "professor" learned how to teach war flying in the higher college of hard knocks situated "somewhere in Northern France."

His students are England's air fighters of tomorrow. Tomorrow in this case means about eight or ten weeks hence.

"We do not teach our men that they are going against an easy enemy," the officer continued. "They are plainly told that their opponents will be real men and real fighters, for the Germans really are all of that. When a young Englishman comes to be taught how to fly he is taught all the latest looks and crooks that war experiences afford. Before everything he is taught to fight fair and hard and above all to be a sport."

This is the spirit which permeates this little aerial "university town" which has sprung up since the war on the edge of a great plain in Southern England about seventy miles from London. The chivalry of the air is an important point in the curriculum. Students graduate and go out to kill, but they are taught to kill in a fair fight somewhat after the fashion of the ancient lists when ladies looked on.

Apart from the Zeppelins, German aviators have fought fair in this war, the officer told the United Press. The horrible atrocities in other branches of German arms have not spread to the air and there is yet a chivalry there that aviators must maintain.

ANOTHER BOOST IS GIVEN SUGAR PRICES

LOS ANGELES, Sept. 22.—Not content with boosting sugar prices 10 cents a hundred pounds yesterday, refiners have announced another advance for today of 25 cents. From present indications it looks as if the sugar magnates were going to repeat their tactics of last fall and winter when they sent values skyrocketing. Of course the old excuse of abnormal conditions due to the war is the reason advanced for all the manipulations in the commodity markets, and the sugar refiners have some very plausible reasons for the present state of the market.

MRS. HUGHES GREETS FOSTER MOTHER AFTER PERIOD OF 30 YEARS

MILWAUKEE, Sept. 22.—Mrs. C. E. Hughes, who may next year be the first lady of the land, threw her arms around an aged Milwaukee woman, Mrs. Joseph Williams, and kissed the woman who was the only mother that she, as an orphaned child, ever knew.

There had been nearly thirty years passed since Mrs. Hughes had seen her who mothered the fourteen-month-old orphan, but the passage of so many years did not lessen the affection between the two who have during all the years of their separation continued to keep up a correspondence from Mrs. Hughes' girlhood until the present.

members and ten new organizations have been started, according to the report on the district made by Mrs. Woodcock of South Pasadena.

Yesterday afternoon's anniversary devotions were led by Mrs. C. E. Brown, Los Angeles, vice president of this section. Rev. Robert Coyne of Huntington Beach and R. J. Taylor of Los Angeles sang a duet, "I Am Happy in Him."

Mrs. Anderson, of Los Angeles, corresponding secretary of the Southern California Woman's Foreign Missionary Society, presided at the meeting.

Mrs. Woodcock, of South Pasadena, secretary of the Pasadena district of the society, brought the report for her district. It had supplied one new missionary to the foreign field, one self-supporting teacher and ten new organizations. Four thousand members, a gain of 334, this year, were reported. The young lady who is to be the new missionary is Miss Inez Marks, of Washington street, Pasadena. She spoke later in the afternoon, telling of her call to the foreign field, of her preparation for teaching, which included four years at the University of Southern California, one year at the Chicago Bible Training school, and one year's work in this state to obtain a high school teacher's certificate. Miss Marks' father is a retired minister of this conference. She favored the gathering with a vocal solo, the words of which were her own composition.

Miss Minnie Mendenhall, of Whittier, secretary of the Los Angeles district, reported two new missionaries, eighty-six organizations, fourteen of which were new ones. There were 3900 members, an increase of 450 reported.

Mrs. Lemon of Redlands, secretary of the San Diego district, reported thirty-four auxiliaries; six new organizations, 1222 members, a gain of 328, and one new missionary, Miss Lucine Trethaway, of Riverside, who is now on her way to China.

The Fresno district sent its report of twenty-four auxiliaries and 625 members.

Mrs. E. A. Warner of Los Angeles, who is the treasurer of the conference society, reported a total of \$43,312 paid into foreign missionary work this year.

Miss Zula Brown, a graduate of the University of Southern California, just returned for her first furlough after five years of missionary work in China, spoke very touchingly of the work the church is doing in the province she represents in China; of the 29,000,000 people in it who should be taught and helped in a physical way. She made a special plea for the missionary doctor in the province, and her work.

Miss Patten, who has taught in the "Frances De Pauw School for Girls in Los Angeles, and also in Oklahoma, plead for more teachers to go to China and help in the great educational problems that are facing the church there.

Mrs. Rice, a returned missionary from South America, gave an eloquent plea for the missionary work there. She spoke of the vastness of the territory there, and its great need of Christianity. She made a very forceful plea for the collection and was very happily received by the audience.

Wallace Thrills Hearers With 'Dry' Pleas

Voicing a vital and vibrating plea for a united effort to aid in closing the 15,000 legalized saloons in California, former Lieut.-Gov. A. J. Wallace last night thrilled an audience so great that there was not sufficient room in the Methodist church, where Layman's Night of the Conference was observed.

Passing from his tremendous appeal for a saloonless California, former Lieut.-Gov. Wallace launched into the theme assigned him, "America for Christ." The speaker said that there was "no hope for China and India and Africa unless America were first saved." The speaker held his audience spellbound as he pleaded for the unchurched and unsaved multitudes of the United States.

Mr. Wallace has three times been elected a delegate to the General Conference and is a member of the Home Mission Board of the Methodist Church. He has long stood for a "dry" California and his address carried conviction.

The first half hour of Layman's Night was occupied by the orchestra of the First Methodist Church, Prof. Haynes, leader. E. P. Clarke of the Riverside Press, president of the State Board of Education, was chairman. Mr. Daniels of Coronado sang, after which W. L. Cleveland of Los Angeles spoke of "The Plea of the Foreign Field," calling the attention of the vast congregation to the commands of Jesus. The speaker vividly showed the need of the heathen world and urged the laity to do this great work. Mr. Egerton Shore of Los Angeles, president of the Layman's Association, was introduced and said:

"The church can always do what it ought to do. Four questions are asked as we begin some great enterprise—

AMBASSADOR WILLIAM G. SHARP

Is it worth while? Can it be done? What will it cost? How shall efficient methods be employed?

"These are the questions we should ask as we face these great home and foreign missionary problems." This was the first time an evening of the annual Conference was given over to the laity and all agreed that it was a great success and would have a permanent place on the future Conference programs.

The church was so crowded that many were turned away.

'Mental History Map' Needed, Says Hough

The importance of having a good "mental map of history" in order to be truly cultured was one of the things brought home to his hearers this morning by Dr. Harold Hough as he addressed the devotional service of the conference, using as his subject, "Francis Asbury's America, and Ours." Dr. Hough said:

"Francis Asbury came to America with a message of human freedom in religious life. It was the message the colonies needed, for they were against a tyrant as a deity, as well as one on the throne of England, and this was what saved us from being a pure secular democracy.

"Asbury always had the consciousness of the presence of God with him. He had a sense of definite Christian triumph in this life. He was essentially democratic and reached the common life of people, which is the crying need of preachers today."

Dr. Hough closed his message by saying that "we, as sons of our fathers, must make this nation the strongest in the world, but the nation that has the tenderest heart, and greatest loyalty to Christ."

Former Governor J. Frank Hanly of Indiana was introduced and his message was enthusiastically received. Mayor A. J. Visel was introduced to the convention as the "dry mayor of a dry city."

Former Lieutenant Governor Wallace spoke for five minutes on the "California Dry" question, and told of the decided labor move in favor of "California Dry."

After the reading of yesterday's journal the conference went into executive session. All except members of the conference are barred from this service. At it the conference passes on the character of its members, and those to be received into membership.

At the meeting this morning S. L. Todd of China, led the singing. John Hillis, assistant pastor at the First church, Pasadena, sang very effectively, "Sweetly Now I Wait for Thee."

GERMANS INTERFERE WITH SHIPMENTS OF COOLIES TO FRANCE

TIENTSIN, China.—German agents have stirred up much unrest among the thousands of Chinese coolies which the French authorities are sending from Tientsin to Southern France. Agents of the French government have represented to the Chinese that they are to be exclusively used as agricultural laborers. German agents have circulated reports among the coolies and persuaded many of them that the French intend to use them in digging trenches and making actual war against Germany and her allies. Reports of this character have been widely discussed throughout Tientsin as well as in Shantung province, where the French agents are recruiting Chinese.

Recently many of the Chinese brought to Tientsin have refused to ship to France, and a number of them jumped overboard and swam back to shore after they had actually started on their long voyage.

The French authorities have been authorized by the Chinese government to recruit 50,000 coolies. The term of their service is to be three years.

SUNDAY SCHOOLS OF COUNTY TO MEET

OCT. 10-11

Kenneth, the little son of Mr. and Mrs. Walter Lamb, celebrated his fourth birthday last Thursday afternoon. A number of his little playmates were present, each one bringing him a little birthday gift. Indoor and outdoor games were played after which refreshments were served.

W. H. Carter and wife of Long Beach, a sister of Mrs. S. E. Talbert, spent Sunday visiting at the Talbert ranch.

W. T. Brady, a brother of Mrs. S. E. Talbert, and his wife and two sons, Lloyd and Kenneth, and Earl Carter and wife, all of Los Angeles, spent Saturday afternoon and Sunday visiting at the Talbert ranch.

S. Brunn, of Newport, paid a business trip to this vicinity Friday.

The social given by the Queen Esther Circle last Saturday night at the home of Mr. and Mrs. S. E. Talbert, was largely attended and greatly enjoyed by all. The parcel post packages went like hot cakes and many more could have been sold and there was a good wienie supper, with sauerkraut, buns, coffee and apples, all for a dime. There was a good program and a big bon-fire kept burning, which was a great help for the outdoor sport. The proceeds amounted to \$23 which was thankfully received by the Queen Esther Circle and will be applied on piano purchased for the church last January for \$220. The proceeds from these socials have been paid each time and there is a balance of \$62 to be paid. Another social will be given in about a month.

Rob Wardlow, who strained the ligaments of his left shoulder some time ago, is again able to attend the duties of his ranch.

Mary Mueller and Isabelle Chandler are attending the Huntington Beach High School.

S. E. Talbert has three Fresno teams surfacing ground at the tile factory; likely to be engaged for two months.

Frank A. Burke, who has resided at Talbert for the past seven years, engaged most of the time handling the clam-shell dredger for the Talbert Drainage District, takes his departure Thursday for Tracy, to be engaged at the same business, and while his many friends here regret to lose him from here, they all wish him success in his new field.

Jay McCullison, Mr. Plavan, and Mr. Bickmore made a business trip to Los Angeles Tuesday.

Rev. A. Andrews and wife spent the afternoon Sunday with Rube Farnsworth and family.

Arnold Walker made a business trip to Bakersfield, Monday.

Arnold Walker and family spent Saturday, Sunday and Monday in Long Beach, visiting with Mrs. Walker's sister, Mrs. Morton.

The Sunshine Band met Wednesday afternoon at the home of Mrs. C. F. Ward, and tacked comforts.

Mrs. McCullison received a letter from her mother, Mrs. Rutter, who left her recently for Wichita, Kansas. She reached her destination safely and is well and enjoying her visit. She intends to stay about two months.

Ray Wardlow and family returned from their camping trip near Tulare, Monday. They visited Mr. Wardlow's sister, Mrs. Wall Cheney. They had fine luck with their machine and enjoyed their trip very much.

WASHINGTON, Sept. 22.—Admiral Mayo, commanding the Atlantic fleet, reported that a 12-inch gun on the battleship Michigan exploded during firing tests, the muzzle being blown to pieces, seriously injuring one man. SUNDAY SCHOOLS OF COUNTY TO MEET

OCT. 10-11

The executive committee of the County Sunday School Association recently held a meeting at the Presbyterian church in Orange, and fixed October 10 and 11 as the time, and Fullerton as the place for the county convention. President Paul Stevens, Mrs. R. W. Jones, O. W. Lillie, Mrs. Warner and Rev. McDougall were appointed the program committee.

Three resolutions set up from the Anaheim District convention were subjects of consideration and action.

The first demanded that the matter of "California Dry" be kept constantly before the schools until the election. The second calls for the appointment of a legislative committee of three, to encourage clean men to run for office, to find out the standing of candidates for office and report, and help defeat undesirable legislation.

This was the subject of much discussion, but was finally adopted with a little change. The third asked for a paid expert secretary for the county to give all his time to the work. This was discussed also at length and referred to a committee composed of President Stevens, O. W. Lillie and Mrs. R. W. Jones.

Definite Steps
State General Secretary Dowling was present, and asked endorsement or adoption of the following, which was heartily given:

1. The observance of Sunday School Association Day, October 8, at which time to the schools will be presented (a) The Organized Work; (b) County and State Conventions; (c) Election of delegates to County and State conventions; (d) Finances.

2. A representative from Orange county on the board of nine directors of the State Association. John Taggart of Anaheim was recommended.

3. A reporter to give the county's activities in the State Sunday School Review. E. S. Palmer was chosen.

4. Reduce number of superintendents to: 1—Elementary; 2—Secondary; 3—Adult; 4—Educational; 5—Administration.

5. Community Training Schools and Graded Unions.

6. The Financial situation.

Sunday School Day
A meeting was held at Westminster Sunday afternoon to further the observance of Sunday School Association Day October 8. There was a good attendance and much interest manifested, and that district will be in line.

A meeting of the Anaheim District committee with the superintendents of the district and workers who may wish to attend will be held at the Presbyterian church in Anaheim next Sunday afternoon at 3 o'clock for the same purpose. A helpful meetings is anticipated.

ILLINOIS REPUBLICAN

Now that the returns are all in and analyses have been made, it seems certain that the voters of Illinois in the primary election last Wednesday added their state to the rapidly growing list of those which have shown by actual voting a complete reunion of the Republican and Progressive forces. The vote for Republican candidates, both in Chicago and down state, was by far the most impressive feature of the election.

In the city of Chicago the Republican vote was practically what it was before the 1912 break in the party ranks, while the total Democratic vote fell off nearly 40,000. The 1912 Democratic total vote was 158,853 while that of last Wednesday was 119,422. The down state vote made a similar showing.

The totals were so impressively favorable to the Republican cause this year that even the Chicago Examiner, a Democratic paper and champion of Gov. Dunne's renomination on the Democratic ticket, remarked:

"Political statisticians hold the figures to indicate that the progressives again are sitting in the game with the Republicans."

Col. Frank O. Lowden, the Republican nominee for governor, won the nomination in such emphatic fashion that his opponents in the primary were among the very first to send him their warm support in the campaign for election.

Illinois Republicans never were in better shape than now for a clean-cut campaign for the state and national tickets. Not a vestige of factional difference is left to mar the campaign.

On the other hand, the Democrats had an eleven-hour effort made to defeat the renomination of Gov. Dunne, a fight that has left considerable bitterness in the state ranks of the party. As a result it is being predicted in political circles through the state that Illinois will return a Republican plurality for the national and state tickets in November of 200,000.

HANDLING BOYS

It appears from the October Woman's Home Companion that the mother instead of the teacher is becoming the young boy's worst enemy. In an article about parents making their children miserable by fussing with them, a writer says:

"Why will some parents persist in making their sons miserable? It does sometimes seem that the more loving a mother is the more likely she is to make her boy unhappy."

"Now a school teacher discovers some things about boys that their mothers, perhaps, do not know, and one is that there is nothing a boy so much hates and dreads as ridicule, and nothing is so likely to excite ridicule among his associates as some peculiarity of name, or dress or hair-cut. Yet when I mildly venture to suggest something of this kind to the mother whose petted darling hates to go to school and complains that the other boys 'pick on' him, I am met in reply with the statement from the mother: 'Oh, children don't know what they look best in. The other boys are just envious little brutes. I tell Theodore not to pay any attention to them and they will soon stop teasing him. I know you mean well, but I'm a mother and only a mother can understand children.'"

"Well, what can an old maid say to that? So Theodore, who is a likable enough boy naturally, becomes a sulky and wretched young misanthrope."

"The teacher, by reason of her unfortunate state of superstition, may not know every side of boy nature, but she does know some sides of it of which the average mother appears to be ignorant. She knows what a boy likes to do, and how he likes to dress. She knows that he doesn't like to be caressed by his mother in the schoolyard with a hundred boys looking on, and he doesn't like to be attired like a little Lord Fauntleroy."

"A boy goes home from school and tells his mother that he doesn't like a

certain suit, or that 'none of the other fellows wear patent-leather pumps,' and to please let him wear a string tie instead of a ribbon bow and he hates that old sailor hat with streamers—he wants a cap like the other fellows.

"There lies the secret of a boy's happiness—to be 'like other fellows.' 'The mother says 'Nonsense!' But if she could see for herself what her boy suffers I am sure she would relent."

ENTERING POLITICS

There is widespread regret that it is so difficult to persuade business and professional men to enter political life. Young men of superior attainments and position are constantly urged to enter political work. Yet still the great majority of men having superior ability and character shun politics.

Politics as a career is certainly not rewarding from the money viewpoint, for the average man who is strictly honest. Salaries are low. The man who speaks his own strictly independent convictions is considered "unavailable" by the managers. The ambitious aspirant must kow-tow to many little despots whom he really despises.

Of course where a man has very superior talents, he should be able to forge his way ahead in spite of bosses and machines. He may be big enough to create his own organization, and appeal to the people for backing against the herd of self-seekers. But the man of average ability who is strictly sincere and honest finds the odds against him.

This situation places a heavy responsibility for good government on successful business and professional men. The same gifts that gave them power in the business world would make them winning forces in politics. The excuse that almost every one of such men gives for keeping out of politics is that his business would suffer. Probably it would not suffer nearly so much as he thinks. And in many cases his prominence in politics would give him advertising of the most valuable kind.

Successful men are too intent on continued pursuit of money. Even if their business did suffer a little if they did public work, they are in no danger of want. They would never regret the time spent in civic service. It would be a life-long satisfaction to feel that they had spared a few years from selfish aims in order to build up community life.

THEN TROUBLE STARTS

Arnold Bennett, the distinguished English novelist, says in the October Woman's Home Companion, about young husbands:

"The terrible thought shoots through his mind. 'It is a human being that I have married!' He had fancied it was a divinity, or at least a superhuman being. Then he thinks: 'I am morally responsible for this poor human being. It is my duty to improve her, and on her behalf to strive after that perfection which she lacks.' And also he thinks: 'She is not making the best of herself. She is not putting her best foot foremost. And the public will mis-estimate her. She means well, but she cannot see herself as I see her; moreover, she falls short of me in knowledge of the world. A few discreet hints will be enough. . . . I will give them at the first convenient opportunity. I ought to give them. . . . Indeed, I am not the man to be made a fool of.' The trouble then starts. No matter how tactful the husband, how teachable the wife, the trouble then starts."

With Malice Toward None

By Henry James

Spreading the Germ

Once more, just as campaigns are in full blast, public attention is called to the theory that germs are spread by shaking hands. And there are candidates going about, veritable spasms of this deadly practice occurring at every stopping place.

If a man on the sterile shores of New England has a germ clinging to his palm, it is horrifying to think of the mite being transferred to the Pacific coast, pausing at way stations to plant more of its kind, and then laying low some honest orange grower of California who had to come to town to grasp the hand of the candidate.

But the Pacific ocean could not stay the progress of the germ. As friends depart for the orient, they are likely to touch fingers with friends left behind, and away goes Mr. Germ, to devastate the isles of the tropic sea.

Personally I am a skeptic, not believing that any germ was ever transferred from one clean hand to another soap clean to another; not believing that every individual is reeking with germs that do not seem to hurt him much, and yet passing to another, become worse than poison.

There is so much sunshine in the world that pessimists, though they swarm, cannot befog it, but it must be admitted that the germ enthusiast reduces the warmth and clearness of it a little.

Cost of Paper

Unless something to save the situation happens soon, the price of paper is going so high that even the ardent wooer cannot afford to write to his girl. Perhaps it would be wise to use the sort of ink that fades, permitting the surface to be written on until worn out by the pen.

Meanwhile the wastage of paper continues, and only persons who have to buy the stuff in large quantities seem to know that anything is the matter.

Mineral Springs

There are no mineral springs in the world finer than those of the United States.

The trouble about the native springs is that they may be reached at so little expense that the swell is just as likely as not to meet his tailor there.

Suicidal Error

After the failure of a private bank in Chicago some of the depositors committed suicide. It was not strange that they felt discouraged, for it

other good points he may have. This is not saying anything against the manager, but only saying that experience is useful for success. It is a little hard on the growers to oblige them to have the manager gain the experience at their expense.

The festive Los Angeles peddler is with us again as keen as ever for a bargain. He pays cash and the transaction is ended for the grower. He has learned how to pick his culs over, how to doctor them to look pretty. He sells the good looking ones for walnuts at a good profit to himself, he cracks the bad looking ones. He finds labor in Los Angeles cheap, pays 5 cents per pound for hand cracking, makes a little profit here also. He has cut his overhead expenses to the minimum. At the end of the season he has something to the good. The good looking culs are generally sold by the cheap trade at 10 to 15 cents a pound. My argument in favor of the adoption of the "Santa Ana plan" was that this work of picking culs over should be done by an association cracking department and the grower should get the benefit of it instead of the Los Angeles peddler.

It is of course argued that you must not make it possible for culs to be re-sold as walnuts in competition with standard walnuts. Why, of course, you must not, but—do you. And since you do, you should do it with direct benefit to yourself.

Oh, yes, I learned a few things in my investigation of the walnut meat industry, but have not yet told you exactly all that I learned. It might make you shake your head.

When the writer began his investigation of the walnut meat industry last November, he certainly had no idea it would lead him into inventing an up-to-date equipment for it, nor the slightest notion that he would offer his services in this line. His early education in mechanics made the inventions possible. He actually takes some pride in saying that he has invented the best walnut cracker at present known in the United States, and that he has one that will do better work and more work than the best cracker from Los Angeles, last longer and work easier. Now, isn't this boasting? Why not boast when you have something to boast about? At all events you can test it for yourself. The proof of the pudding is in the eating.

disheartening to be robbed, and yet they might, in time, have made fresh starts.

But no manager or executive of the busted concern was reported as seeking relief in suicide. Yet these fellows really were worse off than their victims, who had lost nothing but money.

Prying Into the Mails
There is a woman living in Los Angeles whose son is a resident of Shanghai.

Being a good son he writes to his mother regularly, and each letter reaches her after having been cut open, clawed over by alien hands and stamped "Censored."

War is made the excuse for forcing a big nation into mighty small businesses.

The Winning Hand
Not long ago a man saw "a jeweled hand beckoning him from a taxi window."

He crossed the pave to see about it. Not long after that he was robbed by the pals of the owner of the jeweled hand, hit on the head with a blackjack, and dropped by the roadside to think it over.

The moral of this story is plain, but will be ineffectual. The next time those jeweled fingers twinkle out of the taxi window some other chump will come a-running.

The Precocious Youth
The University of California now has a freshman who entered this fall at the age of fourteen.

Infancy has been similarly advanced at an age even tenderer. The phenomenal kid, as a rule, deserves pity, for he is being cheated of boyhood. Moreover, in all likelihood his precocity is a gift of nature, but the product of artificial and persistent training.

No boy of mine would be permitted to try for college at fourteen, unless also a phenomenon physically, and quite competent to whip the old man.

ASSOCIATED CHAMBERS TO MEET WEDNESDAY

Secretary J. C. Metzger today mailed out the following letter to secretaries of the organizations having membership in the Associated Chambers of Commerce:

The next regular meeting of the Associated Chambers of Commerce of Orange county will be held at Buena Park, Wednesday, September 27, at 7 o'clock p. m.

The banquet will be served by the Buena Park fire department. Buena Park is famous for the quantity and quality of its "feeds." The writer has been given a "tip" (which please consider confidential), that this banquet will be just a little better than any heretofore served even at Buena Park.

Maybe, A. W. Frye will be present and talk on flood control. Report to the secretary how many plates to set for your bunch, and when it's your turn to entertain us we will feel under obligations to round them up and report. It helps, and when we know how many to prepare for we don't need to lose money by fixing for too many that don't go.

AMUSEMENTS

At the Temple

Film and vaudeville offerings at the Temple Theater the latter part of this week are of the kind that please. Mary Mac Laren, the pensive beauty of the movies, makes a certain appeal to all by her splendid work in "Shoes," a Bluebird feature. The play is a tragedy, with a lesson.

Bowen and Bowen sing, dance and talk entertainingly. Musical Shirley makes a hit with his saxophone playing.

At Clune's

"The Thoroughbred" was the cause of a packed house at Clune's last night. It was put over in such a way that the audience was more than surprised. Frank Keenan is seen in the role of Major Amble, and a more sympathetic interpretation, it is said, has never been seen on the screen. He is depicted now as the gentle, forgiving war veteran, then as the hot-tempered warrior fighting for his own and his daughter's existence. His acting at times, it is declared, is intense to the bursting point. Ford Sterling in "His Lying Heart" took well with the audience. The vaudeville acts "went big."

ORANGE COUNTY BEAN GROWERS ANXIOUS AS RAINS STRIKE NORTH

Unsettled tonight and Saturday. Probably showers.

So reads today's weather report sent out from Los Angeles.

Bean growers of Orange county today viewed with alarm cloudy and wintry-appearing skies. Reports from the middle of the state concerning yesterday's rain tended to make the ranchers more apprehensive as to what might be expected should the rain wave come southward.

This afternoon the skies began to clear somewhat and it appeared as though Orange county were destined to escape a wetting.

A dispatch from San Francisco today says that the unusual September rain and thunder storm which swept that section of the state damaged fruit but the growers who are drying hundreds of tons of fruit say that no serious losses are expected if the sun shines today.

Jalinas was the most seriously damaged. Hailstones an inch in diameter killed chickens and birds and stripped the trees of fruit besides breaking windows.

The damage to the grape and bean crops is heavy.

Lightning completely destroyed the Groville lighting plant and the city is in darkness.

Power is out at East Oakland.

St. Joseph's Altar Society Met Yesterday at Klatt Home For Pleasant Affair

Mrs. Carl Klatt of East Seventeenth street opened her beautiful country home to the members of the Altar Society of St. Joseph's Catholic church yesterday afternoon and a large number enjoyed her hospitality. Roses and nasturtiums were used for decoration. Mrs. F. A. Miller was hostess with her.

The ladies had been invited to a kitchen shower, the object being to furnish the kitchen of the new home for the sisters, who will conduct the new parochial school. Many handsome gifts were presented and a goodly sum of money obtained. The work of furnishing the home, which has been entrusted to the ladies of the parish, is progressing nicely and the home will be very comfortable.

The work yesterday was the making of twenty pairs of pretty curtains. Mrs. Klatt and her mother served delicious refreshments of apricot and orange ice, cakes and coffee.

Farewell Dinner

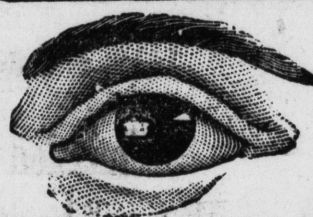

Mr. and Mrs. C. S. Hubbard gave a very pleasant noon dinner yesterday at their home on East Third street, in honor of their daughter, Mrs. Leola Dietrich, who is leaving Monday next for her home in Long Island, Kansas, after an extended visit to her parents. Besides the hosts and their daughter, covers were laid for Mrs. O. H. Maryatt, Fred Groff and P. C. Dietrich. The dainty board was graced with pink and yellow roses, carnations also entering into the house decorative scheme.

In the afternoon Mrs. Dietrich pleased with instrumental music and a pleasant social time enjoyed. It was announced that Mrs. Groff was Mrs. Dietrich's first school teacher in 1880.

Unique Scheme

PICNIC AT LAGUNA

Banner Class Congregational Sunday School Given Treat By Their Pastor

As a reward for having the best average attendance and the best lessons during the summer, the Mizpah class of the First Congregational church, with Mrs. W. B. Tedford their teacher, were given an outing yesterday at beautiful Laguna Beach, by the pastor, Rev. P. F. Schrock. Mrs. Schrock, Frederick Schrock, Mr. and Mrs. W. C. Gardner and Misses Birden and Hess; Henry, were also in the party.

At noon a bounteous dinner was served on the beach and the afternoon was passed with games on the beach, bathing and listening to nature stories read by Rev. Schrock about sea life.

The class members are Misses Caroline Blake, Alice Strong, Rose Kellogg, Mariel McPhee, Elsie Shaver, Mary Burns, Doris Shaw and Elizabeth Bruner.

News of Interest

Miss Ruth Smith, granddaughter of Mr. and Mrs. Carey R. Smith, and born and raised in Santa Ana, has gone to Boston, where she will take a two-years' course at Wellesley College.

Miss Louise Smith, sister of Miss Ruth, sails Saturday on the Chinyu Maru, for Yokohama, Manila, Tokio, and other points. She goes with a small conducted party on a missionary visitation and expects to be home by Christmas.

COUNTRY CLUB DINNER

Guests Charming Entertainment Yesterday Evening By Mr. and Mrs. Hanson

One of the delightful affairs of the week was the 7 o'clock dinner given yesterday evening at the Orange County Country Club by Mr. and Mrs. Harry Hanson.

A dainty color scheme of pink was attractively carried out by the hostess with pink amaryllis in combination with lacy maiden hair ferns, low cut glass bowls being utilized for receptacles. Candelabra were shaded in the rose color and the place cards carried out the tint.

In the other rooms pink zinnias were admired. Following the enjoyment of the delicious menu, a brief period was spent socially, Raymond Mils pleasing the company with two vocal numbers, entitled "For You Alone" and "The Star." Twenty-two guests were present.

AT GARDEN GROVE

Orange County Federation of Women's Clubs Will Meet At Sister Town Oct. 21

October 21 has been set for the meeting of the Orange County Federation of Women's Clubs at Garden Grove either in the church or the school house has not as yet been decided.

The date was tentatively set at a called meeting of the Tuesday Afternoon Club of Garden Grove held last Tuesday at the home of its president, Mrs. J. O. Arkley, this organization to be the hostess at the convention.

The date was permanently set yesterday afternoon at a meeting of the executive board of the county Federation held at the home of Mrs. J. G. Dunn at Garden Grove, sixteen of the board members, representing the county clubs, being present, including the county president, Mrs. E. M. Nealey of Tustin.

Mmes. J. O. Arkley and R. A. Cushman together with Mrs. E. M. Nealey, president of the county Federation, will map out a program for the convention and they have in mind some excellent speakers.

During the social period, Mrs. Dunn served the board members with delicious grapes.

Young Campaigners' Parade

All the children of the county, who are to take part in the monster parade tomorrow evening are requested to be at the First M. E. church promptly at 6 o'clock, the procession being scheduled to start at 6:30 o'clock.

The parade will number about 1000 children, including the entire regiment of Young Campaigners and will be an inspiring sight, the little folks wearing their caps and pennants and singing their songs and giving their yells.

Following the parade the children will go to the United Presbyterian church, where they will be given a stereoscopic entertainment, their parents calling for them at the close of the program.

AT THE COURTHOUSE

MARATHON CASE
HAS FINISHED
ANOTHER LAP

Michel Erreca's Old Time
Debt to Cousin Grows
From \$932 to \$4750

Holding the long distance record in the superior court of Orange county, Miguel Erreca of El Toro started on a new lap at the courthouse today when Attorney Lee A. Daniel filed another complaint under which judgment for nearly \$5,000 will be given in perpetuation of a debt of \$932 contracted nearly a quarter of a century ago.

It was along in the early nineties that Miguel Erreca sold some sheep to his cousin, Michel Erreca, who now lives near Oceanside, and Juan Barandeguy, and took from them a promissory note for \$932. The sheep were afterward sold by the partners, but the note was not paid. In 1894 Attorney F. O. Daniel brought suit for Miguel, and got judgment. But Miguel was never able to get satisfaction of judgment. His cousin was wily enough to prevent his belongings getting into such shape that execution could bring about payment.

Miguel, long a well known rancher, declared he would keep the judgment alive as long as he lived, and he has been keeping his word. In 1897 judgment upon the old judgment was secured. By that time the debt had grown to \$1792. It was 1905 before the next judgment was entered, and with interest and court costs it came to \$3564.65. The case bobbed up for another lap in 1911, when judgment for \$3522.50 went down on the records. The new complaint asks for judgment for \$3522.50 plus seven per cent interest since 1911, plus court costs and attorney's fees.

Means New Trial
Today the remittitur in the case of the Security Life Insurance Co. against Lena M. Scott Booms came down from the appellate court. The case will be tried again. The life insurance company with B. E. Tarver and C. R. Allen as attorneys sued to cancel a life insurance policy issued Mary L. Young of Fullerton. It alleged that Mrs. Young did not make known her state of health to the insurers. Judgment was given sustaining the validity of the policy of \$1000. Attorneys Head & Marks representing the defendant. The appellate court reversed judgment on the ground that the evidence did not show that Mrs. Young did not notify the company of an illness that came between the time

she was examined by the physician and the time the policy was delivered to her.

Foreclosure Case
Suit to foreclose a mortgage of \$1400 has been brought by Clara Kreuscher against Cris L. Becker. Property in the Center tract, Anaheim, is involved. Leonard Evans is attorney for the plaintiff.

Answer Is Filed
An answer has been filed by Deacon & Watson of the Crown Stage in the case in which J. A. Duncan asks \$2500 damages on the ground that a stage did not have a rear light burning when Duncan on a motorcycle hit it from behind. The answer declares that Duncan's accident was due to his own carelessness.

For Administration
G. F. Keep has applied for letters of administration on the estate of J. B. Shaver, who died in 1913. The estate consists of a lot in Hemet worth \$1000, upon which there is a \$1000 mortgage and \$187 due in back taxes. M. A. Cain is attorney for the plaintiff.

Another Action
Still another suit on mechanic's lien has been brought against H. W. Wiscox and the Casino building at Anaheim Landing. Suit is for \$935, and Orange G. Jones is the plaintiff.

Recorders Office
A notice of sale is recorded showing the transfer of a bakery at Garden Grove from W. B. Alexander to Sallie McKinnon.

An abstract shows judgment for \$134 entered in township court at South Pasadena in favor of Model Grocery against George W. Jones.

A mechanic's lien is recorded by Walter Hordheim against M. Yamada and ten acres; demand, \$62.

For Guardianship

Ellen J. Streech has asked for letters of guardianship upon the estate of Avery V. and Wilbur J. Streech, who have a \$400 interest in the estate of Fred G. Streech. S. M. Davis is attorney for the petitioner.

IN THE JUSTICE COURT

MEXICANS ARE FINED
FOR OVERDRIVING NAG

Deputies from the sheriff's office went to Delhi last night in response to a call stating that two intoxicated Mexicans were endeavoring to drive an exhausted horse. Mariano Cordova and Eligio Guerrero, who were arrested, were fined \$5 each by Justice Cox.

Criminal Charge
A complaint has been authorized charging Frank Burfield of Anaheim with contributing to the delinquency of Martha Panter, aged 19.

'SHOOT HIM,' ADVICE
GIVEN S. A. MOTHER IN
QUANDARY OVER BOY

Officer Smithwick Scribbles
Characteristic Report On
Police Blotter

"Shoot him!"
This is the advice Night Officer Sid Smithwick gave a mother who last night complained to the police office at 11 o'clock that she could not get rid of a young man who had called on her daughter.

Smithwick always sees the bright side of life, no matter what the circumstance, and according to the following note on the police blotter in his own handwriting, he gave the mother permission to use a gun.

Here is the note, which is characteristic of the police officer:

"Call came in from Lady says that a young man is on the front porch talking to her daughter, and he would not go home, although she has said everything possible to make him leave. She would not give her name, but said she would call again."

"We advised her to drop a soft rock on his head. But she said she would rather shoot him, so we gave her permission, as we cannot find that these birds are protected by the game laws of this district."

The mother did not call again, and the inference is that the young man finally tore himself away from his agreeable companion.

WILSON CONDOLENCES
ARE SENT MRS. LOW

ASBURY PARK, N. J., Sept. 22.—President Wilson sent a message of condolence to the widow of the late Seth Low, former Mayor of New York. The letter said:

"I join with the rest of the nation in grieving most deeply over the death of your honored husband. Few men have more distinguished service or more deserved the respect and honor of their fellow-countrymen. My heartfelt sympathy goes out to you in your personal loss, and I am sure the whole country will feel they share the loss with you."

LIVING COST TO SOAR
STILL MORE, FORECAST

CHICAGO, Sept. 22.—The cost of living this winter will reach an unprecedented scale and will affect every person, no matter what object may be purchased, according to a table of comparative prices compiled here. Merchants and producers are virtually unanimous in a forecast of further increase in prices, which already have advanced alarmingly within the last year.

OFFICERS ON BORDER
TAKE TO 'SWAGGER
STICK' OF BRITISH

EL PASO, Sept. 22.—When the Kentucky militia regiments arrived at the border nearly every officer carried a "swagger stick," a short, straight, wooden wand as is affected by officers of the British army. Regular army officers were disposed to smile and regard the fashion as a "military affectation." But it added a touch of the picturesque to the officers and Colonel Allan Gullion of the Kentucky National guard, who is responsible for the innovation, defends it.

"The swagger stick not only adds the distinctive touch to the officer, which our army lacks, but it aids him in maintaining military bearing. When carrying some object in the hand, unconsciously the officer will throw his shoulders back and walk erect." Half of the officers on the border now have adopted the "swagger stick."

MINT WORKERS FORCE
ADDED TO BECAUSE OF
SMALL COIN DEMAND

SAN FRANCISCO, Sept. 22.—On account of the unprecedented demand for minor coins throughout the country, the mint was placed upon a twenty-four-hour working basis for the first time in twenty years. Instead of one shift of eight hours, as heretofore, the money-making machinery of the plant will be kept going by three shifts of eight hours each. Forty extra helpers were put on by Supt. Shannan to assist the regular force in meeting the emergency. "There is great scarcity of dimes, nickels and 1-cent coins," said the superintendent, "due to a remarkable increase of business among small merchants."

VENIZELLOS GUARDED
LONDON, Sept. 22.—The discovery of a plot to kill ex-Premier Venizelos of Greece has resulted in the doubling of the guard of Cretes about his house, according to a dispatch from Saloniki. Venizelos is constantly accompanied by friends when he goes out.

GERMAN ELECTIONS OFF
BERLIN, Sept. 22.—No Reichstag elections will be held in Germany during the present war and the present grouping of parties will remain unchanged, it was learned today.

Schools on Eve of Opening Face Splendid Year

PROSPECTS FOR SPLENDID YEAR IN SCHOOLS OF COUNTY

Few Changes Made In Teachers and In Course of Study An Advantage

START OF SCHOOL TERM IS AUSPICIOUS

High Standard of Efficiency Is Maintained All Over the Entire County

With an enrollment that is pleasing, a start in school work that is encouraging and conditions of the best, the school year just begun in Orange county bears every indication of being an exceptional one for steady growth and quiet prosperity in the educational institutions of Orange county.

The schools of the county picked up their work where they left off at the end of the last school term, and within a few hours things were moving along just as smoothly as they ever have in so short a time. The reason why the pupils and teachers have fallen so quickly into the routine that goes to make up successful school life is that but few changes have been made in teachers, and practically no changes have been made in the course of study.

Occasional changes are necessary, but a school that starts in with a new set of teachers works at a disadvantage for a time. Teachers must get acquainted with conditions, and teachers and pupils need to become acquainted with each other.

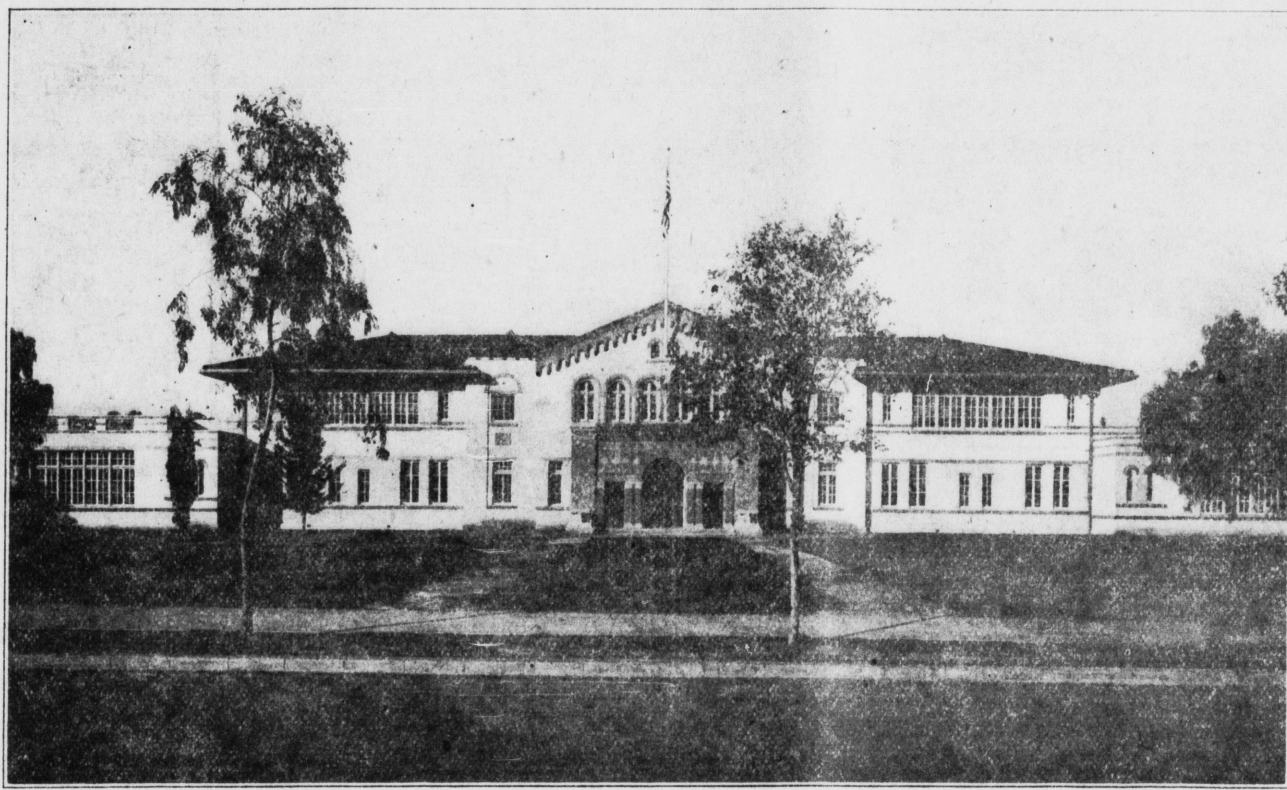

The summer that has just gone by brought about a remarkably few number of changes in the faculties over the county. A large proportion of the schools have the same teachers as they had last year.

"Orange county has a splendid corps of teachers," said County School Superintendent R. P. Mitchell, who is highly pleased with the outlook for a successful year's work. "They understand their work, and they understand what is expected of them by the county board of education, which demands a high standard of efficiency in scholarship. Practically no time was lost in readjustments to the course of study, for the reason that almost no changes were made in it by the county board of education."

Tuition Charged
Some of the common school districts have set a tuition charge for teaching children not living in their districts. The county superintendent has given some permits to children who live in one district to attend school in another, but has done so only where circumstances made the issuance of the permit advisable.

Practically all of the schools of the county except Santa Ana opened for the fall term a week ago last Monday. "Reports of enrollment from over the county are good," said Mitchell. "I have visited a number of the schools already, and I find that things have started off very smoothly and satisfactorily. Personally, I am satisfied that this is going to be a splendid year in our schools. The outlook is very pleasing."

No county in California is better equipped with splendid grammar school buildings than is Orange County. No less than fifteen fine new school buildings have been put up by the common school districts of the county in the last three or four years. One of them, the Glassell street school at Orange, is shown in the accompanying picture.

NEW COLLEGE BLOCK NEARING COMPLETION

The brick work on the new Orange County Business College building at the corner of Church and Main streets is now completed and work on the inside finish is under way. It will not be long before the college will occupy these elegant quarters which are among the best appointed and best equipped college quarters to be found anywhere.

BUSINESS COLLEGE NOTES
Mrs. O. Rodriguez, a native Spanish instructor, has enrolled a large class of business and professional people, both in day and evening classes.

Mrs. Jessie B. Starkey, a graduate of the bookkeeping course, was placed by the college this week as bookkeeper in the office of Carlson & Goff, plumbers.

Miss Estel Urschel of Escondido arrived this week to take up her studies in the shorthand department.

Lawrence Muckenthaler of Anaheim entered for the full combination course last week.

Miss Alice Knapp, who lives at Olin, rides a bicycle from and to that city daily and does everything else with similar enthusiasm.

Among those who entered night school recently were A. J. Teague, Leo Millings, Harvey Riggle, Norman T. Franklin and Tom Willis.

E. S. Mattocks, a last year's graduate, who was sent by the school upon graduation to the Santa Ana Wholesale Grocery Company, has been transferred to that company's branch at Wilmington. He visited his brother Douglas Monday and renewed acquaintances at the school.

Frank Biggs, who is taking a night course here, has been promoted to the clerical department of the Smart-Final Grocery Company.

CATHOLIC SCHOOL NEARLY FINISHED WILL OPEN SOON

Parochial Institution Will Be In Charge of Sisters of St. Joseph

The new St. Joseph's Catholic parochial school is nearing completion and will probably open about October 1. The building is a beautiful one, costing about \$5,000 and the school will be in charge of the sisters of St. Joseph from Eureka, four of them coming at first to open the school.

All of the eight grammar school grades will be taught and there will be a special teacher for music, sewing and fancy work.

The school building is a combination of school rooms and sister house. There are three large and modern school rooms, equipped with all the latest conveniences and above stairs the rooms have been arranged as nicely and up-to-the-minute as the most modern seven-room house in the city.

A. C. Black has the contract with George W. Young on hand to superintend the work.

SUBSCRIBERS, ATTENTION!
Should our carriers overlook you in the delivery of the Register, do not fail to call Pacific 4, or Home 409 and a copy of the paper will be sent you by our messenger. Do not call before 5 p. m., as perhaps the carrier has not reached your place, but call before 7, as all carriers should have their territories finished by that hour. Prompt and efficient service is our motto.

HIGH SCHOOL GROUNDS ARE PLACE OF BEAUTY

The grounds of the Santa Ana High School are becoming one of the beauty spots of the city, and as the plans of the gardener, Marshall Northcross, who is a landscape expert, develop the beauty of the place will grow. During the summer numerous changes have been made, including the paving of the thoroughfare running east and west through the grounds. Northcross has planted a number of pittosporum hedges, which will be a novelty in this section. A number of beds of flowers have been planted, larkspur being a favorite.

ACTUAL WORK AT POLY WILL BEGIN MONDAY

The Polytechnic High School administration today made the following announcement:

"Santa Ana High School will begin the new year on Monday at 8:50. Students are urged to come early enough to be in their places by that hour. Programs of all who have enrolled are now completed so that actual work will begin at that time. Periods will be shortened Monday so that the whole day's schedule will be finished by 12 o'clock, giving the afternoon for the purchase of books and preparation of Tuesday's lessons. The morning sessions this year will begin at 8:30 and close at 12:10. The afternoon session will be from 1 to 3:15. Students living at a distance from the school and desiring to go home for lunch may be excused either the period just before or just after noon, provided they put in an additional hour after school to make up for the time thus lost."

No students will be enrolled at any time Monday morning. The office will be open from 1:30 to 4 p. m. for enrollment of old and new students.

BREA'S NEW \$60,000 GRAMMAR SCHOOL TO BE COMPLETED SOON

With Added Courses, More Pupils and Good Teachers, Oil City Pleased

BREA, September 22.—Brea's new \$60,000 grammar school building is nearing completion rapidly and will be ready for occupancy about the first of the new year. The people of Brea and vicinity are proud of the new grammar school as it will be when completed as fine and as well equipped as any grammar school in the entire state of California.

The Brea grammar school opened Monday with an enrollment of 255 pupils. The enrollment is the largest in the history of the school.

Under the principalship of W. E. Fanning, a very successful and popular educator, assisted by nine other capable teachers, the school looks forward to a year of excellent and efficient work.

Beside the regular grammar school course, students attending the Brea school will have the opportunity of doing considerable special work of unquestionable value. Special courses in sloyd, sewing and music have been added and a capable instructor placed at the head of these special departments. The teachers and their departments for the year are as follows: Sloyd, Mr. Bayes; sewing, Miss Snyder; music and drawing, Miss Shoemaker; first grade, Miss Slaughter; second grade, Miss Shreiber; third grade, Miss McDonald; fourth grade, Miss Twombly; fifth grade, Miss Snyder; sixth grade, Miss McKinney; seventh grade, Miss McKinney; eighth grade, W. E. Fanning and Miss White.

COUNTY SCHOOL MONEY IS NOW DISTRIBUTED BY MITCHELL

First Quarterly Apportionment Is Made On Basis Of \$250 Per Teacher

County School Superintendent R. P. Mitchell has announced the first quarterly apportionment of school money. That money is now available at the court house.

This first apportionment is made upon a basis of \$250 per teacher for the common school districts. The next money available for the school districts will be an apportionment of \$200 per teacher to be made the middle of December. All other apportionments will be upon a basis of average daily attendance.

The apportionment to the common schools is for a total of \$54,540. The apportionment by districts follows:

Alamitos, \$500; Anaheim, \$4500; Bay City, \$250; Bolsa, \$500; Brea, \$1500; Buena Park, \$500; Centralia, \$600; Commonwealth, \$250; Cypress, \$250; Delhi, \$1000; Diamond, \$250; El Modena, \$1250; El Toro, \$500.

Newport, \$250; Newport Beach, \$750; Ocean View, \$750; Olin, \$1250; Olive, \$500; Orange, \$4250; Orange-Thorpe, \$500; Paulmarino, \$250; Peralta, \$250; Placentia-Richfield, \$2000; San Joaquin, \$500; San Juan, \$750; Santa Ana, \$13,250; Savanna, \$250; Serra, \$250; Springdale, \$250; Trabuca, \$250; Tustin, \$1750; Villa Park, \$500; Westminster, \$500; Yorba, \$500; Yorba Linda, \$750.

High Schools
The state apportionment to high schools is also available. That apportionment is as follows: Anaheim, \$2264.24; Fullerton Union, \$2363.86; Huntington Beach Union, \$1473.52; Orange Union, \$2070.86; Santa Ana, \$1854.36.

PURCHASING AGENTS MEETING AT FRESNO

FRESNO, Sept. 22.—The first annual state convention of the California Association of County Purchasing Agents was opened here yesterday afternoon.

C. H. Plummer of Los Angeles, president of the association, is chairman of the convention. J. S. Perry of Santa Ana is secretary. The visiting delegates from all parts of the state were the guests yesterday morning of Russell Uhler, purchasing agent of Fresno county, on an automobile tour of the fruit-growing districts of the San Joaquin Valley.

ATTENDANCE AT HIGH SCHOOL BREAKS ALL RECORDS

Many Young Men In Harvest Work Will Report Before Registrations Close

With a total registration in the high school reaching 726 last night and seventy-five or eighty expected today, the Santa Ana High School will open next Monday with all previous records passed for attendance the first few days.

Students may register during the first five weeks of school for this term, and by the end of this time, the enrollment will equal the anticipation of those in charge.

Many young men who will take up studies here have not yet reported, they being engaged in harvest work, but will be in before the date for closing registrations. Winter residents from the east have not commenced to arrive yet. Some whose children are regular students here, and who went east for the summer, have not reported. They are expected in a short time. The enrollment of these and new students whose parents will probably come here for the winter will swell the total registration to a number which will exceed that of last year.

Practically all the teachers in the high and grade schools have returned to the city, or will do so before Monday morning.

There is still one vacancy in the high school—that of instructor in penmanship. Superintendent Cranston has about completed arrangements for filling this position. The position has been tendered to a gentleman who will arrive today or tomorrow and the superintendent has every assurance that he will accept.

Improvements have been made in various departments of the high school and equipment added which will add to the convenience of students and extend and facilitate their studies.

DOMESTIC SCIENCE DEPT. IS OVERHAULED

One of the added conveniences for students in the domestic science department is the piping of hot and cold water direct to the cooking room. Water has heretofore been heated on individual stoves. More shelves have also been installed.

ADDITIONAL APPARATUS IN SCIENCE DEPARTMENT

Notable improvements and changes have been made in the physical and chemical laboratories, and the installation of new apparatus places the local school in splendid condition for teaching chemistry and physics.

COURSE IN ART WILL BE ENLARGED BY INSTRUCTOR

Lectures each week by Miss Boyle, head of the art department, and the assignment of outside work, will be features in this department this year. It is possible that Miss Boyle will undertake the supervision of classes below the sixth grade, co-operating with and advising instructors in the conduct of this branch of school work.

STUDENTS TO HAVE ACCESS TO LIBRARY SHELVES

Students will be permitted to enter the library stock room and supply themselves with books without the assistance of the librarian. Miss Catland has installed the Dewey Decimal System in vogue among libraries and will give lectures on its use to first and second year students. New shelving has been added and about 400 new volumes have arrived and been placed in position on the shelves. The library will be open from 8 a. m. to 5 p. m. on school days.

REQUISITION BLANKS FOR STUDENT PURCHASES

The board of county has inaugurated the requisition system for purchases for student activities. All demands must be countersigned by the president of the student body and athletic director. This will eliminate many troubles which have developed in the past by promiscuous buying on the part of students.

ASSEMBLIES WILL BE HELD AT CLUNE'S THIS YEAR

General assemblies of the students will again be held at Clune's. The first meeting will probably be held next Thursday.

FORGET YOUR ACHES

Stic knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than mussy ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist's, 25c.

1916 FOOTBALL SEASON TO BE OPENED UP TOMORROW

Harvard and Dartmouth Will Get Schedules In Motion, Also Penn State

BY H. C. HAMILTON
(United Press Staff Correspondent)
NEW YORK, Sept. 22.—Tomorrow will be kick-off day for the Great American Pigskin's new season.

Of course the sport manuals say last Saturday was the official date, but there wasn't any honest-to-goodness football, though one game was played. Among the so-called big teams in the East, Harvard and Dartmouth will see their schedules start, and Penn State will get into action.

Dartmouth will take on New Hampshire State University in the first of its games at Hanover and at Cambridge Harvard will go through its first tussle with Colby College as its opponent. Neither of these games is considered more than a practice contest for the big teams.

Penn to Start
Penn State will get its first workout with Susquehanna as its opponent at State College.

Neither Yale, Princeton nor Cornell will get into action until the following Saturday, so Dartmouth and Harvard will have the advantage of one scrimmage.

WOMEN'S STOMACH TROUBLES

The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach.

For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:—

Newfield, N. Y.—"I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound."—Mrs. BURN WILLIAMS, R. D. No. 29, Newfield, N. Y.

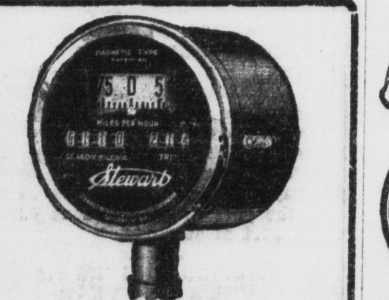

Many women suffer from that "all gone feeling," and "feel so faint," while doing their work. Ten chances to one their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

mage practice against an unknown opponent.

None of the large western colleges is scheduled for a game tomorrow. In the "big nine" regulations prohibit the start of football practice until September 20, so the opening of the season necessarily is delayed.

The eastern contests will give an opportunity for fans to get something of a line on what may be expected of Dartmouth, Harvard and Penn State in the more important games which are to follow.

Hampshire Strong
New Hampshire, while not rated high, probably will offer enough opposition to Dartmouth to force some good football. Harvard, also, probably will have to try out its best tactics in order to score decisively over Colby. The Harvard squad is new and the result of this first game will be watched with more than ordinary interest.

GARDEN GROVE 'HARD TIMES' PARTY GIVEN COLLEGE MAN

GARDEN GROVE, Sept. 21.—On last Friday evening a large crowd of friends gave Malcolm Wharton, a farewell surprise in the form of a hard-times party. When Malcolm reached home from work about 8 p. m., having been purposely detained by one of the conspirators, his friends were all awaiting him in garments of ancient cut and oddly combined colors.

The rooms were stripped of furniture and the guests sat on couches and boxes covered with quilts and rugs.

The festivities of the evening were begun by each one present telling their hard-luck story. A little yellow pumpkin decorated in black and gold, Malcolm's college colors, was awarded to Carl Johnson of Santa Ana, for telling the cleverest story and a large apple similarly bedecked was presented to Winifred Adland for being gowned in the most poverty-stricken apparel. Progressive hunk-meat was then played and other equally primitive and rural games, after which all who had worn any kind of jewelry or anything good was made to pay a forfeit and redeem it.

The men were then auctioned off to the girls for supper.

The guests were given paper plates and napkins, spoons and forks and a large dishpan full of corn meal mush was placed on the table between the

CARAVAN OF CAMELS PART OF HUGE PAGEANT

Although Santa Ana is far removed from the Sahara Desert, or any other spot equally as dry, nevertheless it will be visited on September 29 by a real caravan of camels, constituting a portion of the elaborate retinue of a Queen.

Of course she isn't a real Queen, but she pretends to be one anyway, and moreover, the Queen she pretends to be is famed in song and story as one of the world's most beautiful women. The Queen referred to is Scheherazade, the beautiful wife of the Sultan of Persia, who entertained her husband for a thousand and one nights with the strange and mysterious stories, known as the Tales of the Arabian Nights. Her latter day prototype is coming to Santa Ana as the principal character in the beautiful, new pageant which the Barium & Bailey circus is featuring this season.

It is promised that in this great spectacular procession, "Persia, or the Nights of the Thousand and One Nights," the gorgeous retinue of the beautiful Scheherazade will be fully as glittering and gorgeous as it was in the days of long ago, when the real Queen made her nightly journeys through the streets of Bagdad in search of adventures which could be woven into material for the tales with which she nightly entertained the Sultan.

The caravan of camels is one of the many picturesque features of this remarkable pantomime pageant that is to be presented here under the canvas amphitheater of the Barium & Bailey circus. The camel caravan has already created a great deal of comment, inasmuch as this is the first time on record that these strange "ships of the desert" have ever thoroughly been broken to bit and bridle. There are 38 of them in the teams that lead the wonderful procession around the hippodrome track.

The pageant is by no means the only feature offered by the Barium & Bailey circus this season. In the ring and aerial numbers more than 400 artists appear in new and thrilling acts. Such famous riders as the Henneford family, Signor Bakonghi, the Davenport, Miss Elio Bradna and Fred Derrick, and other celebrities of the sawdust ring will furnish the equestrian sensations, while many novel and sensational aerial and acrobatic numbers will be seen here for the first time. On account of the war in Europe, more foreign acts than ever before have been secured, and more than half of the entire program is new to America this season.

Miss Constance Irvine visited Mrs. George Peckham of Santa Ana, Tuesday.

LONG BEACH MAN SECURES FINE NUT GROVE, KATELLA
A. R. Smith, of Long Beach, acquired a fine walnut grove in this county last Tuesday in a cash deal. The property consisted of ten acres located southeast and just across the street from the Katella school house. It was purchased from John Cubbon, Geo. Minter, the M. M. Crookshank estate and the R. F. Chilton estate, the latter interest acquiring it a few months ago in a transaction in which they disposed of their remaining holdings in the South Side Addition, this city.

For Indigestion, Sick Headache, Biliousness

The more one knows about the laws of health, the more attention he or she pays to the keeping of the stomach and bowels in good working condition. Only the very ignorant scoff at the dangers that result from sluggish bowels and a clogged up condition which retains poisonous waste matter in the system. Biliousness, sick headache, sour stomach, gas, bloating, constipation, dyspepsia—all these distressing consequences of indigestion are avoided if the bowels are kept open and regular. Mr. E. J. Hudson, merchant, Cross Keys, Ga., says: "For a thorough cleansing movement of the bowels, without the slightest inconvenience or sickening, I believe Foley Cathartic Tablets the best on earth. It's a perfect cathartic, with no bad effects." Foley Cathartic Tablets are sold by druggists everywhere. Distributed by Foley & Co., Chicago, makers of the celebrated Foley's Honey and Tar Compound, for coughs and colds.

BREA BIG LEAD FOR OIL DISTRICT IS IN SIGHT

Splendid Development In Petroleum Section Looked For By Experts

BREA, Sept. 22.—A detailed survey of the local oil field for the week just closed reveals the fact that oil activity continues strong. A number of new rigs have been completed, new producers are on the pump, and locations for new wells have been made.

A fact of considerable importance to local oil men as well as others is that this field ranks third for the amount of oil produced for the month of August. Figures compiled by the Independent Oil Producers' Agency just made public places the Midway-Sunset field at the top with a production of three million barrels. Coaling is second with 1,350,000 barrels. The Brea-Fullerton field is a close third with figures totaling 1,250,000 barrels.

The correspondent in gathering the oil record for the week was impressed with the general outlook of the field and the excellent condition of all the companies operating. All the leading oil developing concerns are going ahead with oil development and other work on a surprising scale for this time of the year. Everything seemingly points to the beginning of a period of greater oil development than ever before.

Two new companies operating in the Brea Canyon are being watched with keen interest. Should oil be found in that locality it will mean the extension of the oil bearing area to almost double its present acreage.

Extracts Gasoline

On the Union Oil Company's Graham-Loftus lease the National Products Company is rushing to completion as rapidly as possible a plant for making gasoline from casing head gas. The method used is known as the absorption method and has never before been used in the West. The method has proved highly successful in the East and Oklahoma fields and its coming into the western oil territory will be watched with considerable interest by oil men throughout the entire state. The officials announce that the plant will be ready to start in ten days. A large portion of the workings of the new method for making gasoline is held secret. For efficiency, amount of production and the low cost of operation the method is a marvel.

Business prosperity in Brea continues to attract outside capital. During the past week two new business arrivals came to the flourishing little oil city and will establish themselves as soon as suitable places of business can be fitted up. Harry Edwards, a barber, from Los Angeles, is one of them. C. M. Curtis, a recent arrival from Venice, has secured a location in the Delaney block, where he will establish the Model Bakery.

Drainage Reservoir

Ralph Reid, head of the engineering department for the Union Oil Company, in company with E. C. Critchlow, were here the latter part of last week looking over the situation in Brea Canyon with reference to the construction of a gigantic drainage reservoir that will take care of any crude oil that might escape from well sumps or flowing wells coming in unexpectedly. Heretofore the company has had to pay damages to orchardists and farmers in the valley below on account of crude oil being carried by storm waters down onto the farming lands. The big basin will be made large enough to accommodate close to 100,000 barrels of oil and will prevent any production losses.

John Steele, a Fullerton man in the employ of the Union Oil Company on the Hole lease, has about completed plans for the erection of a new home on the Hole property. A large number of the employees of the company have built homes on the company's property and made an employees' community that has many advantages both for the employer and the employee.

California state boiler inspectors are covering the oil fields this week inspecting boilers and steam plants closely. Inspections thus far of Union Oil equipment have met with approval. Mr. James Pickering, general superintendent of development for the Union Oil Company, of the field department, has been confined to his bed at his home on the Stearns for the past three weeks with a very serious illness, and it will require several weeks before the patient can expect to recover fully. Pickering has been in the constant employ of the Union Oil Company for the past sixteen years, and this is the first time in that long period of service that he has been away from his work. Mr. Pickering has charge of all the company's development work and as the company is running from ten to twelve strings of tools his absence from the field is keenly felt.

Mr. Bert Gover leaves Saturday for Utah, where he will be engaged in the construction of a number of oil well derricks for the Utah Petroleum Company.

Considerable home building work is going on in the Brea oil fields. E. J. Munger is completing a handsome new bungalow north of Brea that will add greatly to the attractiveness of the locality. H. J. Turner has purchased the H. O. Butler home and will remodel the house and make it into a comfortable and attractive home place.

Edward Garman and Miss Clara May Rouse of Los Angeles were married last evening at Knox Presbyterian Church, Los Angeles. Ed Garman is one of the best known oil men in the local field and his marriage to a popular and talented Los Angeles young woman will be received with considerable surprise and good wishes by a large number of friends here. The Garmans after spending their honeymoon at San Diego will live on the Graham-Loftus lease, in the home recently purchased by Garman from E. F. Munger.

SCHOOL DISTRICT
DIVIDED INTO
6 PARTS FOR
CONVENIENCE
OF PARENTS

Supt. Cranston Issues State-
ment Bearing On Opening
On Monday, Sept. 25

Division of the Santa Ana school district into six sections for the information and direction of parents has been made by City Superintendent of Schools J. A. Cranston, according to a statement that has been issued by him bearing on the opening of school next week. Superintendent Cranston's statement follows:

Everybody, old and young, get ready for school, which will open in Santa Ana, Monday, September 25. There will be a general teachers' meeting for instruction and direction regarding the work of the school year, Saturday, September 23 at 10 a. m., in the music room at the Polytechnic High School. All teachers of the Santa Ana schools are requested to attend. Principals will meet with their teachers at 2 p. m., at their respective buildings to make final arrangements for the opening of school on Monday.

Parents of children of kindergarten age, four and one-half to six years, please take notice that the law provides that a child who is or will be six years old during the first three months of school may attend and parents will also take notice that a child, who is or will be six years old during the first three months of school may attend the first grade.

For the information and direction of parents in sending their children to school, Santa Ana school district has been divided into the following districts:

Lincoln
West of Main and north of Fourth streets.

Jefferson
Jefferson school is bounded on the east by Main, south by Fourth to Van Ness, north on Van Ness to Hickey and west to Flower, then north to Washington and west on Washington to the city limits.

Roosevelt
South to Fourth street, east of Main and south on Main to Chestnut, east on Chestnut to Halladay and south on Halladay to the city limits.

Spurgeon
West of Main and south to Chestnut, east on Chestnut to Halladay, south on Halladay to city limits.

McKinley
North of Chestnut and west of Van Ness, then north on Van Ness to the city limits.

Why "An-uric" is an
INSURANCE

Against Sudden Death!

SUFFERERS FROM BACKACHE,
RHEUMATISM AND KID-
NEY TROUBLE.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"An-uric."

Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "An-uric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. It can now be obtained of the best druggists in 50-cent packages.

Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.
